

REMARKS

In light of allowance of claims to the same crystal form in pending case Application No. 10/746,697, the Applicants are cancelling all claims to the crystalline form and only maintaining claim 99 to a formulation. Claims 103 to 107 have been added. These amendments were necessary because claim 99 depended on claims that have now been canceled. The new claims incorporate the features of the canceled claims.

A terminal disclaimer over this case is being filed in the Application No. 10/746,697. A courtesy copy is attached.

Accordingly, it is believed that claims 99, and 103 to 107 are now in condition for allowance, early notice of which would be appreciated.

If any outstanding issues remain, the examiner is invited to telephone the undersigned at the telephone number indicated below to discuss the same. No fee is believed to be due for the submission of this response. Should any fees be required, please charge such fees to Kenyon & Kenyon, LLP Deposit Account No. 10-0600.

Respectfully submitted,

In re Application of: **FRENKEL *et al.***

Application No.: **10/746,697**

Filed: **December 24, 2003**

For: **Crystalline Form of Nateglinide**

The owner*, **Teva Pharmaceutical Industries, Ltd.**, of **100** percent interest in the instant application hereby disclaims, except as provided below, the terminal part of the statutory term of any patent granted on the instant application which would extend beyond the expiration date of the full statutory term of any patent granted on pending reference Application Number **10/693,166** filed on **October 23, 2003**, defined in 35 U.S.C. 154 and 173, and as the term of any patent granted on said reference application may be shortened by any terminal disclaimer filed prior to the grant of any patent on the pending reference application. The owner hereby agrees that any patent so granted on the instant application shall be enforceable only for and during such period that it and any patent granted on the reference application are commonly owned. This agreement runs with any patent granted on the instant application and is binding upon the grantee, its successors or assigns.

In making the above disclaimer, the owner does not disclaim the terminal part of any patent granted on the instant application that would extend to the expiration date of the full statutory term as defined in 35 U.S.C. 154 and 173 of any patent granted on said reference application, "as the term of any patent granted on said reference application may be shortened by any terminal disclaimer filed prior to the grant of any patent on the pending reference application," in the event that: any such patent: granted on the pending reference application: expires for failure to pay a maintenance fee, is held unenforceable, is found invalid by a court of competent jurisdiction, is statutorily disclaimed in whole or terminally disclaimed under 37 CFR 1.321, has all claims canceled by a reexamination certificate, is reissued, or is in any manner terminated prior to the expiration of its full statutory term as shortened by any terminal disclaimer filed prior to its grant.
